

# KIOKIO

*Power Amplifier*

*The Plinius Kiokio Power Amplifier will deliver sustained unbridled performance of full orchestra pieces yet miss no subtle detail in haunting solo vocals.*

As a two channel amplifier the Kiokio will drive any speaker arrangement with consummate ease and in a multi amplifier configuration it will deliver performance and power beyond your expectations.

Visually the simplified heatsink design and removal of some classic Plinius detailing results in a more austere look than its stable

mates. The clean-cut elegance and superb finish means it is completely at home in a high-end two channel environment and is suitable for standard 19U rack installations.

The Kiokio Power Amplifier has a full array of input and output fittings and is capable of delivering in excess of 300 WPC into an 8-ohm load. It will drive

the most demanding speaker arrays with total ease and confidence and is fully protected by internal safety features.

The Kiokio is a workhorse that will perform reliably under the most demanding conditions expected by professional users and installers.

## Power Amplifier

### POWER

310 watts continuous per channel into 8 ohms. Both channels driven from 20Hz to 20kHz

### FREQUENCY RESPONSE

20Hz to 20kHz +0.2dB  
-3dB at 70 kHz

### DISTORTION

Typically <math><0.05\%</math> THD at rated power  
0.1% THD and IM worst case prior to clipping

### CURRENT OUTPUT

100A short duration peak per channel  
Fuse protected

### RISE TIME

Typically 5 $\mu$ s

### PHASE RESPONSE

+0° at 20Hz and -14° at 20kHz

### HUM AND NOISE

100dB below rated output  
20Hz to 20kHz A-weighted

### INPUT IMPEDANCE

47k ohms

### GAIN

RCA Inputs: 32dB  
Balanced Inputs: 38dB

### PRODUCT FEATURES

1 x RCA WBT Input  
1 x XLR Neutrik Input  
2 x WBT Output connections  
Trigger In  
Ground Lift Switch  
Reduced width  
Available in black or silver

### DIMENSIONS

Height: 212mm (8.35")  
Width: 398mm (15.6")  
Depth: 420mm (16.5")  
Weight: 29kg (64.1lb)
