

# Flat Panel VMT

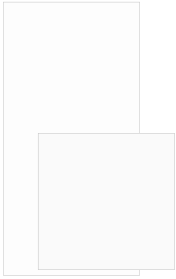

## Natural Stones & Natural Woods

1190X595x20/40 mm | 8 Panel Box  
Installation Manual

MATERIAL NEEDED

**Included**

Flat Panel VMT

Velcro Stripes

**Not Included**

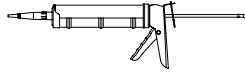

Level

Measuring Tape

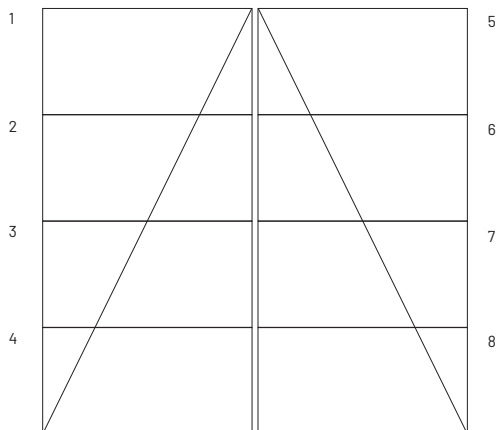

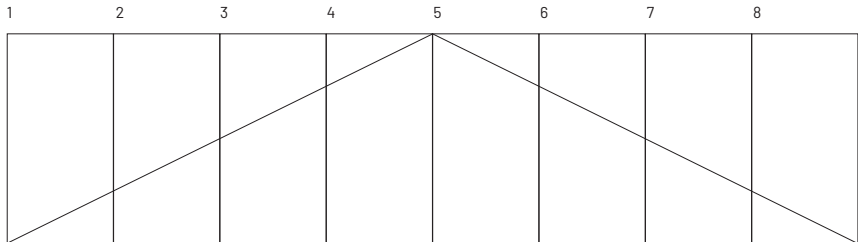

Box Cutter

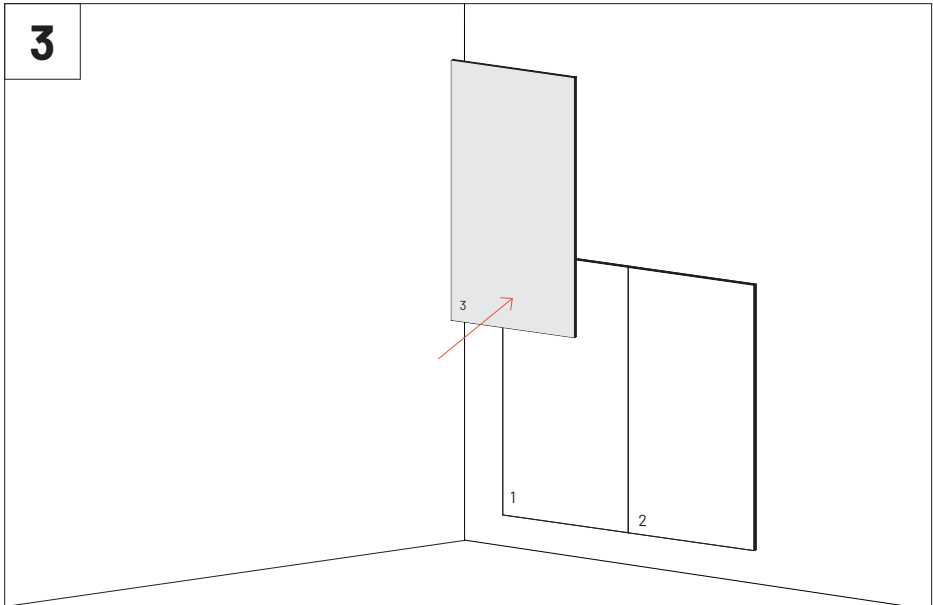

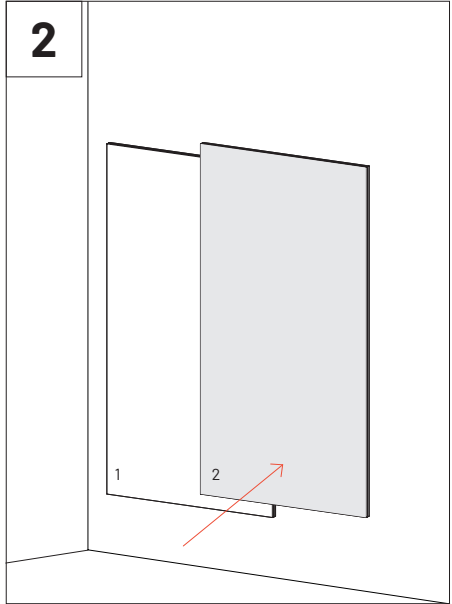

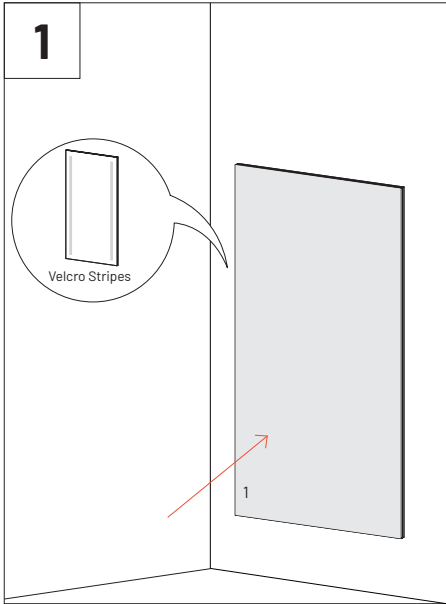

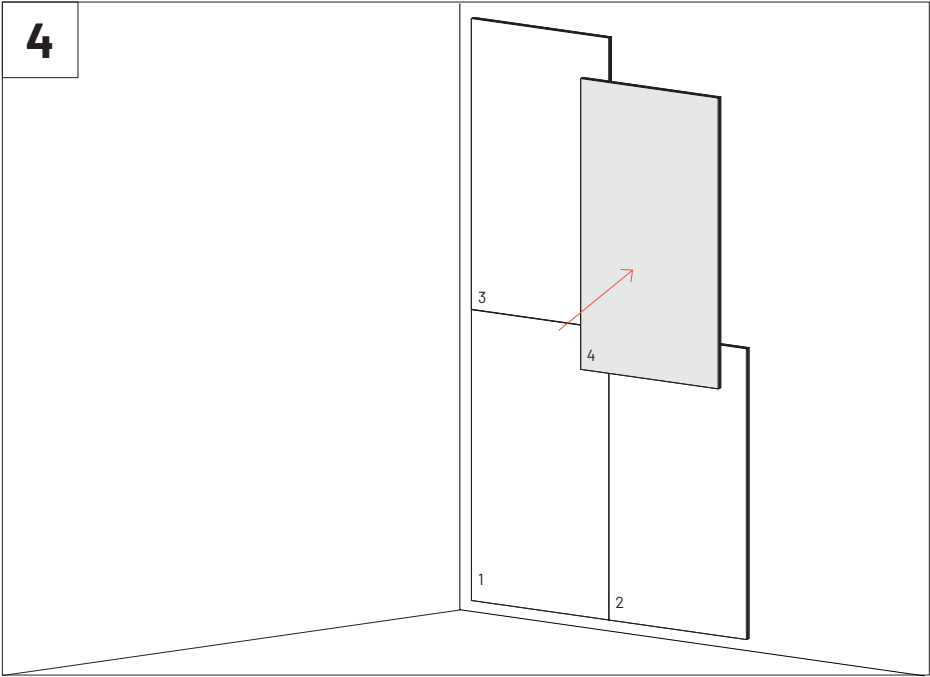

Glue

**Installation Option**

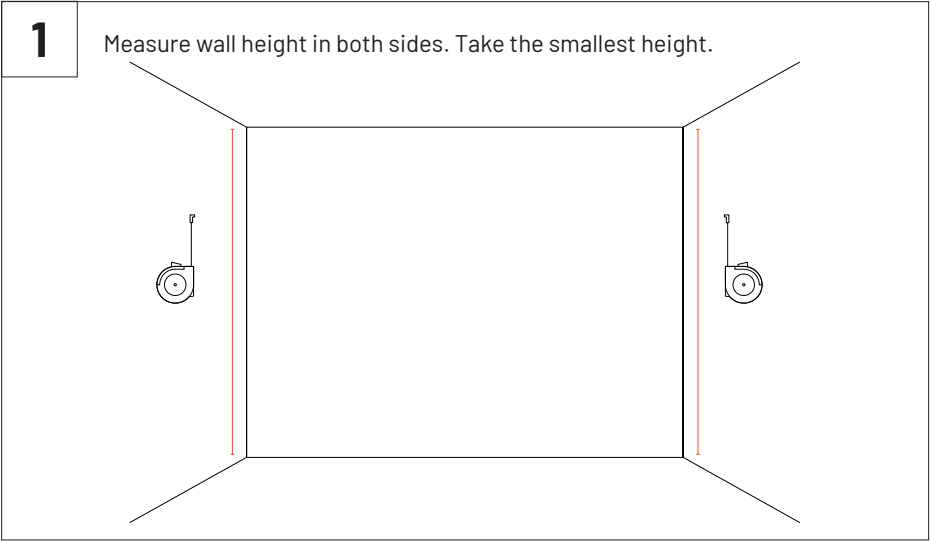

# Partial wall installation

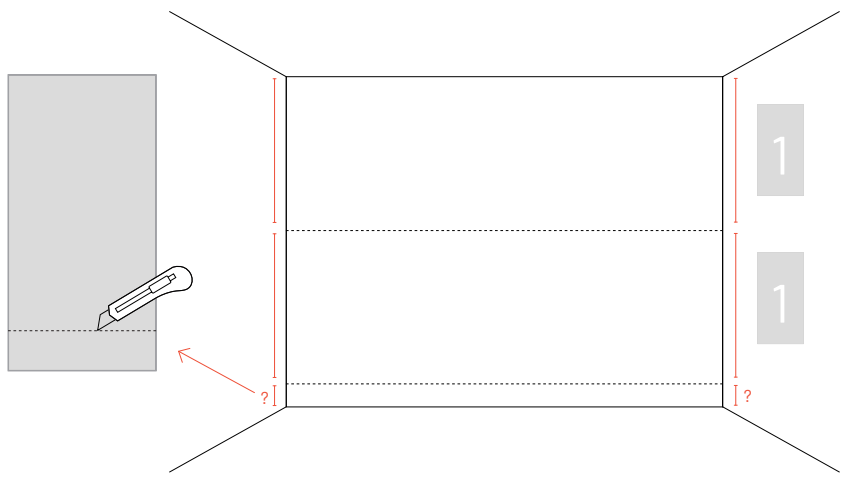

**Full wall installation**

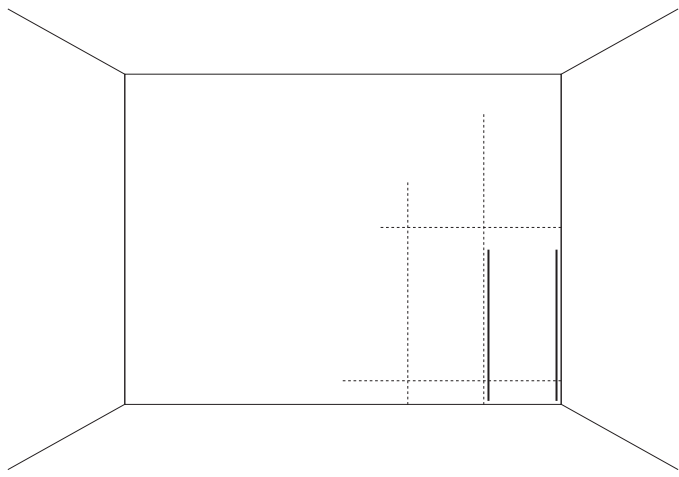

**2**

Based on the smallest height, calculate if it is necessary to cut one of the panels to fill the entire wall height. Check for continuity between panels before cutting.

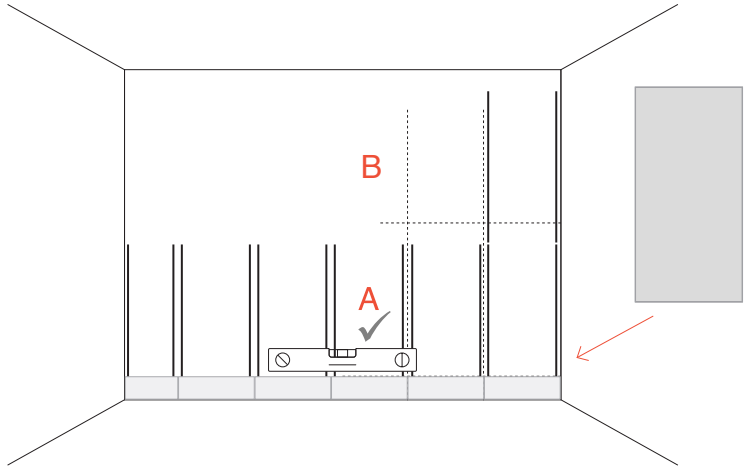

**3**

Glue the Velcro tape in the wall. It is recommended to use 2 stripes of Velcro per panel (included). You can also glue the panels directly to the wall with Flexi Glue Ultra

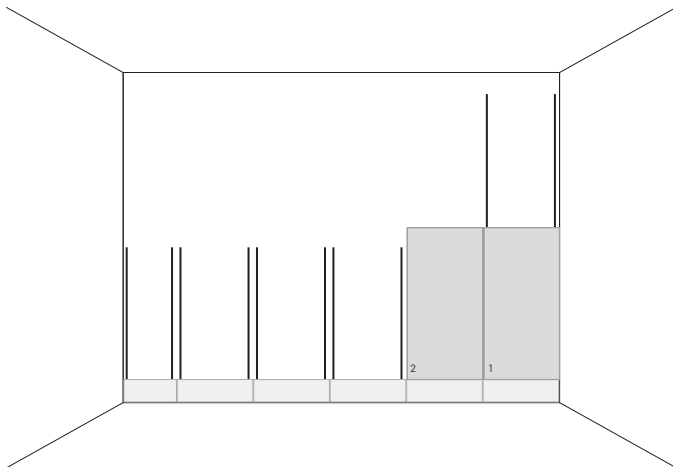

**4**

Start the installation from the bottom-right side (If cuted panels are going to be used it is recommended to start with these). Check if panels are leveled before proceeding to next row.

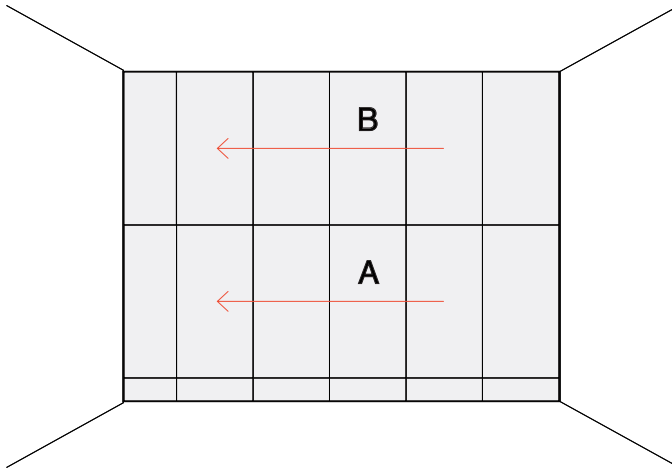

**5**

Install the remaining panels.

**6**

VMT boards can be installed vertically or horizontally, depending on the pattern and desired orientation.

**!**

For the installation of Flat Panel VMT on the ceiling, we recommend using Flexi Glue Ultra.

Do not apply Flat Panel VMT behind radiators or too close to a heat source.
