

## Product Information

# VicStrip

PUBLIC SPACES / WORKSPACES

## Description

VicStrip is a new innovative approach to slat panels by introducing Laminated VicPET Wool free of wood, making it more sustainable, flexible and lightweight.

VicStrip was drawn with the lines of contemporary styling decorative wall panels, for anyone that wishes to provide offices, restaurants, hotels, and homes with a design embellished solution amid the added value of removing sound reverberation.

## Features

- Lightweight, making it easy to transport, and apply, offering less expensive shipment
- Easy to cut and readjust to the room's requirements
- Can be glued or screwed to walls and ceilings
- Free of wood, metal nails and with joints almost invisible
- Sustainable, by being manufactured with High Density VicPET Wool, a material produced mainly from recycled plastic bottles
- Low-emissions material, for good air quality, without irritating skin or eyes
- A green product suitable for green projects certification
- Sound absorption properties to control medium and high frequencies, engineered at Vicoustic research lab for VicPET Wool
- Humidity resistant with no dust generation during handling
- Washable and easy to clean, simply by using a sponge and water
- Fits perfectly with the rest of the Vicoustic product range
