

Echo Frame GEO HF PS WS

Echo Frame GEO is a pure study in color, form, and acoustic performance, capturing the abstract and circular geometry of the early 20th-century Bauhaus aesthetic. More than just wall art, these panels feature high-performance acoustic absorption, effectively controlling noise while introducing artistic depth to your environment.

Showcasing circular forms and segmented geometric shapes, the design explores how simple shapes can create complex, harmonious compositions, delivering a beautifully balanced, abstract acoustic solution for modern spaces.

Features

- / Premium VicPET Wool
- / High Performance in medium and high frequencies
- / Easy to install
- / Easy to clean and maintain

Acoustic Performance

Technical Information

Dimensions: 1160×595×52mm / 45.7"×23.4"×2.1" (L×H×W, per panel)

Raw Materials: Pine Wood with Oak veneer, VicPET Wool

Acoustic Properties: Medium and High Frequencies Absorption

NRC: NRC: 0.7 / **α_w:** 0.65 / **Class:** C

Installation/Accessories: Hanging support bracket (included)

Packaging Information

Units per Box: 1 unit/box; **Boxes Dimensions:** 1215×640×60mm / 47.8"× 25.2"×2.4";

Boxes Gross Weight: 3.80kg / 8.38lb
